

OJCS Summer Reading Challenge 2023

To help prevent the summer slide in our students, we are running our first ever summer reading challenge!

Students will be required to either read a certain number of books on their reading list provided by the teacher OR complete one or more genre bingos on the bingo sheet.

The prizes for students who complete the challenge will be;

- New high interest books
- Fidgets
- Fun school Supplies
- posters

HOW DO WE ENSURE ACCOUNTABILITY?

- Parents/guardians must confirm that their child did indeed read the books that they say they did by signing a take-home form to be returned to their teacher in September along with either the bingo sheet or the recommended reading list and the 'Books Finished' page tracker.

HOW WILL STUDENTS CLAIM THEIR PRIZES?

- On our first week back at school, students who have prizes to claim can be sent to the library during their language arts period to claim their prizes. I will have a large table set up with all of their choices.
